

Pipe Stands

Quattro Pipe Stands

Heavy duty Pipe Stands for large diameter and heavy wall pipe

The Quattro Pipe Stands are the ideal solution for heavy duty pipe handling, in the workshop or for site applications.

The large V-Head, heavy duty base and variety of head options make the Quattro the most durable and versatile Pipe Stand on the market.

The Quattro Stand can be used as a simple Jack Stand, supplied as standard with levelling pads to accommodate uneven working surfaces. Weight load tested to 1200 kg / 2645 lbs per stand.

The Quattro Stands can also be supplied with lockable castor wheels so pipes of up to 36" diameter and any length can be moved around a workshop or site, without using a crane or fork-lift.

FEATURES and BENEFITS

- Weight certified 1200 kg / 2645 lbs
- Variety of head options
- Optional castor wheels for pipe transportation
- Height adjustable
- Suitable for carbon or stainless steel
- CE certified

Base Unit (complete with levelling pads)

Large V-Head

Part number	Capacity (kg / lbs)	Weight (kg / lbs)	Pipe sizes (")
QPS 400	1200 / 2645	10 / 22	N/A

Steel/Nylon Wheels

Part number	Capacity (kg / lbs)	Weight (kg / lbs)	Pipe sizes (")
QVH 400	1200 / 2645	9 / 20	1–36

The Steel Wheel Head kit option can be quickly mounted into the 12" (30cm) V-Head. Roller wheels come in either steel or stainless steel. The kit of four Nylon Wheels can be mounted into the 12" V-Head, to enable the Quattro Stand to be used with stainless steel without the risk of marking the pipe.

Part number	Capacity (kg / lbs)	Weight (kg / lbs)	Pipe sizes (")
SWH 400	1200 / 2645	3 / 6.6	1–36
SWH 400 / SS*	1200 / 2645	3 / 6.6	1–36
NWH 400	450 / 990	1.8 / 4	1–36

Ball Transfer Heads

Consists of two 1 ½" Ball Transfer Heads which can be mounted in V-Head slots for a range up to 36" (915mm) pipe.

Part number	Capacity (kg / lbs)	Weight (kg / lbs)	Pipe sizes (")
BTH 400	600 / 1323	2.3 / 5	1–36
BTH 400 / SS*	600 / 1323	2.3 / 5	1–36

Stainless Steel Sleeves

When working with stainless steel pipes, the sleeve option instantly converts the Quattro Stand into a specialized tool for stainless steel welding, preventing carbon contamination.

Part number	Capacity (kg / lbs)	Weight (kg / lbs)	Pipe sizes (")
SSS 400	1200 / 2645	1 / 2.2	1–36

Roller Wheel Kit

Four 8" (20cm) heavy duty wheels make up the Quattro Stand Roller Wheel Kit. The wheels have a quick action brake system.

Part number	Capacity (kg / lbs)	Weight (kg / lbs)	Pipe sizes (")
RWK 400	1200 / 2645	11 / 24.2	N/A

* suitable for stainless steel
