

Pipe Stands

Duo Pipe Stands

Heavy duty four leg height adjustable style pipe stands

The Duo Stand is height adjustable and uses quick change style housings.

Designed for large diameter pipe rotation and feeding.

With lock brakes on the wheels to secure the load for marking layout or fit-up.

Now supplied with folding legs as standard for ease of use and transport.

DPS 200 (base unit only)

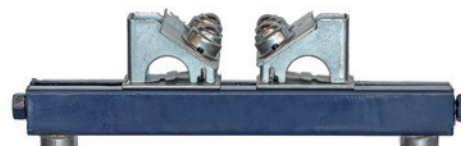

FEATURES and BENEFITS

- Weight certified to 2400 kg / 5290 lbs
